

## Hear Talk On Nursing Homes

The regular meeting of the AARN was held March 2, in the Legion Hall with 17 members and four visitors present.

A report on philosophy and objectives of nursing services was given. Miss Marie Desharnais, district health nurse agreed to be the district executive for the Vulcan chapter.

Guest speaker, Mrs. M. Whitford, nursing supervisor of Blunt's Nursing Homes, gave a most interesting talk and answered the many questions of the gathering on nursing homes.

The next meeting will be held in the basement of the hospital and will have Dr. Koziol as guest speaker.

## W.I. Will Collect Used Clothing

The March meeting of the Good Deeds Women's Institute held at the farm home of Mrs. Leon Nobert was attended by 13 members and two visitors.

After the routine preliminaries, the correspondence was dealt with, then the roll call answered by each member bringing a parcel for a white elephant sale. Mrs. Leon Nobert expressed appreciation for kindness shown Sheryl Nobert during her recent illness.

Used clothing will be brought to the next meeting and preferably distributed for local need, but if no such need is found, to the Red Cross who have professed a very definite shortage of used garments. Also, a motion to some various coupons and stamps for the Red Cross was passed and these may be used as a roll call idea next year.

Mrs. Norman Whitehead volunteered her home for the annual cancer tea next month. Mrs. Jim White, a visitor, won the tea raffle.

Following adjournment of the business meeting, Mrs. Bob Hutton and Mrs. Bruce White reported on the District 4 Institute Convention recently held in Calgary.

The White Elephant sale was a success with lively bidding led by a very apt auctioneer, Mrs. Bruce White, assisted by Mrs. Bob Hutton making witty comments and collecting the proceeds.

A tasty lunch of chicken salad, buns and an assortment of rich squares with coffee or tea was served by the hostess, Mrs. Leon Nobert, helped by Mrs. Clarence Brown and Mrs. Ernie Nobert.

## Contribute To Vanier Institute

The Vulcan council of the CWL met in St. Andrew's Hall on March 10, with Mrs. Joe Gerding presiding. Father Marien opened the meeting with the league prayer.

The members agreed to contribute to the Vanier Institute as a centennial project. It was suggested that all families in the parish be asked to contribute to the fund by the end of April.

The Grey Nuns have consented to speak to the councils from Carmangay, Champion and Vulcan on Thursday, March 31, at 8:00 p.m. in the parish hall at Vulcan.

Catering to the Lionettes will be resumed in March and committees were set up to handle these meetings.

The annual meeting will be held in April. Mrs. Horst Thiering volunteered to head the election committee.

### EASIER TAX PAYMENTS?

Tax Consultant: "It would be much easier on your pocket book if you made these tax payments in quarterly instalments."

Farmer: "I realize that, but my heart couldn't stand the shock four times a year."

## Busy Summer Ahead For Champion Guides

Announcement was made last week of three Champion Girl Guides who have been chosen to attend Girl Guides Heritage Camps in Canada this year.

Eleanor Hummel, above right, daughter of Mr. and Mrs. George Hummel will visit Saskatchewan Heritage Camp near Prince Albert. Annalee Middleton, center, daughter of Mr. and Mrs. J. G. Middleton, will visit Quebec Camp July 29 to Aug. 13 and Carol Sletto, above left, whose parents are Mr. and Mrs. C. Sletto, will go to Tsonee Camp near Chilliwack, B.C., Aug. 6 to 20.

These guides will have a busy summer as their own company camp will be held during the first week in July and they plan to attend Alberta's Tangle Tree Camp the last week in August to be tested for their Campers badge.

All three girls are patrol leaders and have their All Round Cards, have one or two year Brownie experience each and have been Guides for three years.

To qualify for Heritage camps girls must be born in 1950, '51 or '52 and have considerable camping ability. There are 34 Alberta Guides chosen for camp exchange

this year. In the past few years Girl Guides of Canada have held Heritage camps in preparation for Canada's Centennial year when they will have a national Heritage Camp on Morrison Island on the St. Lawrence Seaway, about 18 miles from Cornwall, Ont. At this camp 90 Alberta girls will be with Guides from all over Canada and other countries of the world.

This happy Champion trio has earned the congratulations of their 18 fellow guiders and in turn are not forgetful of the encouragement and help of their leaders, Captain Racile Ellis and Lt. Betty Matlock over the past years.

Linda Gay Flitton

## Recital By Talented Singer Pleases Large Audience

To attempt a full two-hour concert featuring only a vocal soloist and piano accompanist in a predominantly classic vein could be considered risky but this was excellently accomplished by the Vulcan Couples' Club and artist Linda Gay Flitton at the United Church, Wednesday, March 9.

A capacity crowd of adults and students listened with complete attention to the talented 18-year-old lyric soprano as she adapted her personality and voice styling to the moods of Mozart, Haydn, Rabey, Debussy, Bizet and other composers. At the conclusion of her program she was called back for a least four encores by her enthusiastic audience.

Radiant in a royal blue velvet gown, the former Vulcan district girl surprised her many friends with her vibrant voice which filled the church when called upon and reflected the tremendous vocal development the past few years have brought to this gifted young lady.

Music in the classic repertoire was heard during the first half of the program and following intermission a group of Irish and Spanish folk songs, I Have Twelve Oxen, No Quiero Casarme, I Know Where I'm Goin' and The Leprechaun gave a change of pace. Also enjoyed were the final numbers of Miss Flitton, taken from Broadway musicals. Songs from My Fair Lady and The Sound Of Music were familiar to the audience and gave a pleasant balance to the evening.

Prior to the start of the program Miss Flitton was presented with a corsage from her aunt, Mrs. Art Cutforth and her accompanist Mrs. Thomson of Calgary was similarly honored by the sponsors.

Daughter of Mr. and Mrs. Ray Flitton who lived in this district for years, Linda Gay will soon take a lead part in Kurt Weill's Dawn In The Valley, at Calgary and recently appeared at the Summit Lounge in the city singing songs from Oklahoma. She attended the Banff School of Fine Arts last summer and plans to go east this fall and enrol either at the Toronto Conservatory of Music or possibly at Julliard's School of Music in New York.

## Keystone Meeting

The Keystone Class meeting was held at the home of Mrs. Hornberger, with 15 members answering the roll call.

The Remples are home on vacation from India. A church in New Mexico has taken on their support for the mission when they return. Ten dollars was to be sent to them toward a new press they are taking back with them. Ten dollars was also sent to support the "adopted" child in India.

Mrs. W. Boutland gave a short talk on Jamaica. This was followed by slides sent from Charlton Mullins, missionary in Jamaica. The meeting closed with a lovely lunch served by the hostess.

GUESS WHO! Three panelists who led discussion on Lionettes version of The Comfortable Pew at the Charter Night program are shown above. They are from left, Lola Findlay, Edythe Gottenberg and Lil Klippert.

## New Constable On Town Force

John Burnett of Calgary is now a member of the Town of Vulcan police force, replacing Harley Phillips, who has resigned.

Constable Burnett started his new duties March 1. He is a former member of the Brandon, Man. police force.

Mrs. Burnett will join him in Vulcan as soon as suitable housing can be secured.

## Edward Wellman, Prominent Blackie Resident, Passes

A prominent sportsman and community worker of the Blackie district for many years, Edward (Ed) Wellman died on Feb. 26 at the age of 79.

Mr. Wellman, a native of Melbourne, Ont., came to Blackie from Webb, Sask., in 1912 as manager of the Union Bank. This position changed to manager of the Royal Bank in the 1920's and was continued until 1927 when he took over the telephone office and insurance business in Blackie. While Mr. Wellman had retired from this business in recent years, he continued to act as bookkeeper for a local business until his illness.

He was secretary of the town of Blackie for a number of years, was a member of the United Church Board since its earliest days and an active church worker. He served as a member of the Hospital Board until recently. A charter member and past master of Granite Masonic Lodge, he was awarded his 50 year Masonic jewel about four years ago.

Ed. Wellman was an enthusiastic sportsman and proponent of sports and his contribution in this respect will long be felt in his community. He was instrumental in starting the first ball team in Blackie in the 1920's and was secretary-treasurer of all teams during that decade. He was drawmaster and secretary-treasurer for 20 years and a life member of Blackie Curling Club.

Active in golfing all his life, during recent years he has been an able competitor in senior tournaments throughout southern Alberta.

He is survived by his wife Elsie; one daughter, Mrs. Dave (Margaret) Stauffer of Turner Valley; two sons, Raymond of Vulcan and William (Ted) of Vancouver; and seven grandchildren.

Funeral services were conducted by F. Malcom and the Rev. Wm. Morrison from High River United Church on March 1 with interment in Highwood cemetery. Masonic graveside services were conducted by Granite Lodge.

Honorary pallbearers were G. Howden, R. Wilderman, J. Grant, A. Johnson, J. V. Anderson and J. Walker. Active pallbearers were D. Woodridge, L. Sultor, C. Kumlun, J. Thurber, H. McLean and C. Sultor.

Snodgrass Funeral Home was in charge of arrangements.

### Win Several Prizes

## Exhibitors Do Well At Calgary Seed Fair

Results of the Calgary Seed Fair and Hay Show, held March 13-16, and the Provincial Junior Seed Fair, held at the same time, show several prize winners from the County of Vulcan.

In 2-row Feed Barley, the champion exhibit was entered by Vulcan's Pure Seed Farm, Vulcan, with a sample of Betzes.

In Class 22, progeny of pedigreed seed — Winter Wheat, Durum Wheat or Soft Spring Wheat, the champion exhibit was that of Varno Westersund of Blackie. It was a sample of Winalta.

In Class 333, the champion exhibit of Alfalfa Hay was that of Lyle J. Greaves of Majorville.

Biggest local winner at the Junior Seed Fair was Donald Hansen of Ensign, who had the winning exhibit of 2-row feed barley — a sample of Palliser weighing 51 lbs. to the bushel, and the prize winning flax exhibit, which was a sample of Raja weighing 55 lbs. to the bushel. His sample of Chinook hard red spring wheat weighed 66 lbs. per bushel

and placed fifth in the hard spring wheat class.

A sample of Eagle Oats, exhibited by Dorothy Cutler of Vulcan, placed 17th in the oats class, weighing 42 lbs. per bushel.

## 4-H Horse Club Hears Talk On Public Speaking

"The development of a public speaking voice is something that takes lots of practice," Mel Minchaw, 4-H regional assistant, told the members of the Vulcan 4-H Light Horse and Colt Club. "It is pretty hard to put across a point or idea to the audience if you don't believe in it yourself."

The meeting was held at the county office Tuesday, March 1 with 24 members and 16 adults in attendance. The pledge was given by Ann Wallace and roll call was answered by each member giving the height of their horse.

Trudy Fisher informed the members of the rally on April 22nd planned for all the 4-H Clubs in the District. There will be a pot luck supper, entertainment from each club, a guest speaker, a sing-song, and later a dance held at the Lodge Hall at 7:30. Jane Russell, Winky Giles, Warren Fisher and Leah Lucas are on the entertainment committee. Marlene Lucas, Trudy Fisher and Susan Christensen on the committee to buy prizes for the dance. On March 30 there is to be a meeting to further discuss the rally.

An exceptional talk on external parasites affecting the horse (Flies and Lice) was given by Michael McGrail. This was followed by Lynda Dann giving a talk on internal parasites affecting the horse (bots and stomach worms).

A 4-H public speaking competition is to be held on March 26 at the New Club Cafe.

The club crests were given out. Guest speaker, Mel Minchaw who is our 4-H regional assistant, then gave a beneficial report on the "Art of Public Speaking."

## Ron Northcott Is Canadian Curling Champ

Canadian curling champion Ron Northcott, winner of the Brier national playoffs at Halifax last week, is a former Vulcanite who,

RON NORTHCOTT

during his high school years here, played third on the Vulcan high school rink that won the Alberta championship. Born at Innisfail,

Ron lived at Milo before moving to Vulcan with his parents at the age of nine, in 1945. He is employed in Calgary in the sales department of Mannix Co. Ltd. His parents, Mr. and Mrs. Charles Northcott, operate stores in both Vulcan and Brooks.

### 22 Entries, 3 Events

## Letal Rink Wins H. S. Bonspiel At Carmangay

(By Carmangay Correspondent)

The annual Carmangay High School Bonspiel took place March 11-12-13, with 22 rinks participating in three events.

First event winner was the Bob Letal rink of Carmangay with Bob as skip, David Baldwin third, Noreen Ohlweiser second and Murrell Westersund as lead. Second in the first event, Wayne Row of Barons; 3rd, Terry Lyons of Barons; 4th, Alfred Gorzitta of Barons.

Second event winner was the rink skipped by Robert Kananen of Carmangay, Kenny Allen as third, Laree Clark second and Lynda Dann lead. Second in the second event, Ron Green of Vulcan; 3rd, Leslie Hubka of Carmangay; 4th, Craig Haga of Vulcan.

Third event winner was the Richard McNiven rink of Vulcan, year at this time, according to committee chairman Howie Marshman. A goal of over 400 is set for 1966.

Another Kid's night is planned for April 15.

Barry McFarland played third, Koral Greene, second, and Amanda Racher lead. Second in the third event, Dennis Atkinson of Barons; 3rd, Craig Brown of Vulcan; 4th, Eddie Todd of Nobleford.

A prize was given to Victor Close of Champion for being the first rink out. A prize was also given to Alfred Gorzitta of Barons for the biggest end.

Prizes were handed out Sunday evening by Junior Curling President David Baldwin, assisted by secretary Laree Clark.

### JUST DRAW A PICTURE

Danny, age 4, answered the telephone when his father was asleep. Trying to be grown-up he asked the caller, "would you like to leave a message?"

"Yes," said the caller. "Tell him Mr. Brown called."

Danny got pencil and paper and said: "Mr. Brown? How do you spell it?"

"B-R-O-W-N."

A slight silence and then a small voice asked, "How do you make a B?"

## Fish & Game Membership Climbing

Dr. A. E. Lewis, Chief Veterinarian for the Department of Agriculture at Calgary, will be guest speaker at the Vulcan and District Fish and Game Association annual Sportsmen's Night banquet to be held Friday, March 25 at the Vulcan Lodge Hall. Subject of the veterinarian's address will be "Vets and Their Work" which should be of interest to all and especially to the predominant farm member-

ship. Supper will be served to an estimated 170 members and guests on the main floor of the Lodge Hall. This arrangement proved successful last year and appears preferable to dining in the basement and moving upstairs for the program. As the annual banquet of the Lethbridge Fish and Game is set for the same night, Alberta president Joe Bala will be unable to

attend the Vulcan program but will be a guest at a future meeting.

In an effort to streamline the evening, films will be omitted this year but those reports considered necessary and presentation of trophies will be included. A dance will wind up the night.

Ten sportsmen enrolled Monday night for the third hunter-training course offered this winter by

the local Fish and Game group. The second course of 20 students wrote exams a week ago and results should be back later this week. The present course is the last anticipated for the present.

Next general meeting of Vulcan Fish and Game will be held April 6 at which an interesting film, Olympic Elk, will be shown.

Membership for 1966 already exceeds 250 which is ahead of last

## Alberta Hunter Training Program Wins Plaque

Premier E. C. Manning presents an award of merit to the Hon. Henry Ruste, Minister of Lands and Forests, on behalf of the National Rifle Association of America, while Hunter Training Officer Paul Presidente looks on. This was the first year Alberta had entered the annual international competition for hunter training programs. The Alberta program was one of nine selected from 39 states and provinces for the award. Inscription on the plaque reads: "National Rifle Association of America presents to The Province of Alberta this award of merit for outstanding achievement in the field of Hunter Safety during the year of 1965 as determined by a special committee of the International Association of Game and Fish Conservation Commissioners." Alberta's two-year-old program covers a much wider range than safe gun handling. Instruction is also given in game management; rules and regulations; the game act; general prohibitions; identification, habits and habitat of fish, birds and animals; sportsman's responsibilities; hunting courtesy; forest fire prevention; care of firearms; code of ethics; hunting hints and techniques; first aid; survival; and archery. The program is handled through the Fish and Wildlife Division of the government.

## 4-H Club Notes

### Mossleigh 4-H Beef Club—

The annual monthly meeting was held on March 8, at 7:30 p.m. in the Club Room of the Mossleigh Hall.

The meeting was brought to order with Timmy Howe beginning the 4-H Pledge.

The minutes of the previous meeting were then read by the new secretary, Lois Washburn, replacing Chris Van Bussell who was absent.

Old and new business was then discussed. The club members decided to attend the Fat Stock Show on Saturday, March 12. Seven members volunteered to compete in the public speaking competition held in Mossleigh.

Andy Sherstabetoff then made a motion to sponsor a play-at-home bingo to raise money for the club. Jim Samaroden seconded this motion and it was carried. A later notice will be given as to the outcome of this idea.

Lois Washburn then gave an interesting talk on "Why I Picked A Hereford Calf." Tom Androssoff then made a motion that the meeting be adjourned.

Lunch was then served by Timmy Howe and Lois Washburn.

### Vulcan West-Ensign Beef Club—

The Vulcan West-Ensign Beef Club met at Ensign on March 5. The members met at the farm of Eric Thorpe to judge bulls. George Hay of Nanton was the very capable judge on this occasion. Blair Shaw, D.A., gave the members points to look for in their selections.

Following the judging the group met at the hall to hold the business meeting. A club tour of the Burns Packing Plant, in the Easter holidays was discussed. A letter was read stating that the club was invited by the Light Horse Club to a dance in the Kirkcaldy Hall that same evening.

Blair Shaw gave an interesting and profitable talk on public speaking. A consistent winner at seed fairs, Harold Hansen, presented his method of preparing seed samples for show purposes.

The club members and guests enjoyed a lunch of pop, coffee and doughnuts, donated by Mr. and Mrs. Thorpe.

### DON'T OVERWATER YOUR HOUSE PLANTS

Most problems experienced with house plants at this time of year are due to overwatering, says P. D. McCalla, Supervisor of Horticulture with the Alberta Department of Agriculture.

He points out that many people erroneously believe that providing the plants with more water will overcome problems which are actually caused by low humidity, excess heat and lack of light during the winter months.

Mr. McCalla advises watering house plants about once and certainly not more than twice a week. He says the best way to water them is to put the plant pots in a pan of water and let the water percolate up through the soil until it reaches the surface.

Putting flowering plants in a southern window may help to make them more healthy, says Mr. McCalla, but drafty windows should always be avoided. Supplementing the natural light may also help. Foliage plants will do well under fluorescent lighting but flowering plants need both fluorescent and incandescent light. The recommended temperature for house plants is about 70 degrees in the day time and about 60 degrees at night.

### WHAT IS A WASHER LOAD?

Maintaining the correct relationship between the volume of the washer tub and the space required by the articles is the principle to go by when loading a washing machine.

Marion Atkinson, Extension Clothing Specialist with the Alberta Department of Agriculture, says weighing the load is not an accurate measure because different fabrics have different weights.

### HERRONTON - FARROW

Ted Percival and Stu Beagle curled in the Lethbridge Shirtsleeve Bonspiel with Ted winning 3rd in the fifth event and Stu winning 2nd in the first event.

Marvin Despas and Bob Beagle have returned from Calgary to their respective homes.

Sympathies are extended Mrs. Melvin Rayercraft on the death of her brother-in-law. Mr. and Mrs. Rayercraft motored up north to the funeral and were accompanied as far as Crossfield by Mrs. Milt Brunskill who stayed to visit her mother and daughter.

Congratulations to Mr. and Mrs. Max Falkner of Red Deer on the birth of a daughter. Michael Falkner is staying with his grandparents.

Mrs. Carol Whiteside of Innisfail is visiting her parents, Mr. and Mrs. Herb Willowby, while her husband Barry is in Calgary at the bull sale.

The Mossleigh school held open-house last Friday with a number of parents attending.

A fair crowd attended the movie, The Girl Most Likely, in the school auditorium Friday evening. The show was put on by the Students' Union to raise funds for their foster child and their basketball team. Ken Blair was the lucky winner of the ham that was raffled.

Mr. and Mrs. Jack Leslie and family were weekend guests of Mr. and Mrs. Roy Leslie.

Mr. and Mrs. Bill Hagedorn were weekend visitors of Mr. and Mrs. W. Hagedorn.

Mr. and Mrs. Fred McColeman from Calgary visited with Mr. and Mrs. Bob Bertschy this weekend. The Kinear children are at present staying with their uncle and aunt, Mr. and Mrs. Archie Hay.

The Mossleigh Curling Club ended the curling season with a club bonspiel. Winners of the first event were Gale Tharlie (skip), Bruce Gateman (third), Gary Tharlie (2nd), and Vic Gateman (lead).

Elected at the Annual meeting of the Mossleigh Gun Club were the following: President, Son Scott; secretary, Alice Wark; treasurer, Roy Despas. The club presented Lila and Bill Peterson and Harold Dale with farewell gifts. Their work with the club will be greatly missed.

Mrs. Bernice Leslie, Mrs. Carrie Campbell, Mrs. Beesie Leslie, Mr. and Mrs. Howard Tharlie and Bob Clemens attended a three-point meeting of the Carlsland, Dalmead and Mossleigh United Church charge, March 9 at Carlsland.

The Mossleigh Senior Choir have decided to meet every Thursday at 7:30 p.m. at the W. Hagedorn residence.

**COMMUNITY CLUB**

begun on the proposed bathrooms in the hall. A farewell party was planned for Mr. and Mrs. Roy Leslie (moving to Leslieville) and Mr. and Mrs. Loring Piel (moving to De Winton) and their families to be held in the Mossleigh Hall March 25.

It was decided to have the hall anniversary dance in April 29.

**EASTWAY**

The latest card party sponsored by the Eastway Social Club was held Saturday with 6 tables of 500 in attendance. High honors went to Mabel Gooch and Bill Holton and low to Jean Anderson and Lloyd Richardson.

Frank Wyatt and Merle, Mr. and Mrs. Dale Wyatt, Mr. and Mrs. Bill McMullen and George Gooch attended the Bull Sale in Calgary on Monday.

Dennis and Cheryl Gooch and Darlene Scott spent the weekend at the G. Gooch home.

Friends of Ruby Wyatt will be interested to know that she has been transferred from the Calgary hospital to the University hospital in Edmonton.

Mr. and Mrs. Bob Schmidt and family of Calgary spent Sunday with Myrna's parents, Mr. and Mrs. Ken McLean.

Jimmy Oldfield and Leighton Rushfield with the Milo High School team took part in the South Central basketball tournament at Cluny on Saturday.

Mr. and Mrs. Reg Stein visited the Fred Miller home in Calgary on Friday where Rose renewed acquaintances with Mrs. Moyer, formerly of Arrowwood and now of Manitoba.

Sandra Oldfield attended the Papp-Winch wedding where she sang two selections.

Mr. and Mrs. J. Howe spent the weekend with Linda's parents, Mr. and Mrs. R. N. Hill.

The March meeting of the Eastway Social club was held at the home of Alberta Burgess with eight members present. Roll call was answered with a hint for spring. Most of the meeting was a discussion on the catering of the Lions' supper in Milo. Nora Campbell won the contest and Rose Stein won the raffle. A tasty lunch was served by the hostess to conclude the afternoon.

**BERRYWATER**

Mr. and Mrs. Pete Ruppert, Marie and Billy and Mr. and Mrs. L. N. Chase and Terry of Lomond were Sunday visitors at the Ralph Richardson home.

Mr. and Mrs. Bob Gerding and family were Sunday visitors to Lethbridge where they visited the former's brother-in-law and sister, Mr. and Mrs. Hanchuck.

Mr. and Mrs. Warden Budd and family were Lethbridge visitors Thursday where they visited with friends.

Delores and Walter Shimp of Calgary were Sunday visitors at the Victor Deal home.

Mr. and Mrs. George Deal and Mr. and Mrs. Victor Deal attended funeral services for Mrs. George Deal's father, a former Champion resident, Peter Fritzler of Calgary on Wednesday.

Mr. and Mrs. Clifford Webber, Mr. and Mrs. Warden Budd and Mrs. Joyce Pelham were Calgary visitors Monday.

Mr. and Mrs. Russell Smith were Calgary visitors on Thursday.

Friends of Mrs. Doug Smith extend wishes for a speedy recovery to her following surgery last Tuesday in the Holy Cross Hospital in Calgary.

The County of Vulcan No. 2 is one of six counties which have a portable livestock scale for rent to farmers and ranchers. The Provincial Department of Agriculture pays 50% of the cost of the scale, approximately \$600.00 and the county pays the remainder. The scale was purchased to assist cattlemen who are interested in Performance Testing to chart the growth of their animals. Accurate weaning weights and other related data can be a big help to cattlemen when they cull their herd and select the replacements.

Along the same lines, the county has a portable squeeze which can also be rented by the day. Both these pieces of equipment are easily moved from place to place as they are rubber tired.

If you are interested, the rates are \$2.50 a day for the scales and \$2.50 per half day for the squeeze.

As there has been a considerable amount of interest about Noralta Flax, I'll just summarize the facts as they effect this area. Probably of most interest is "Can we get some first generation for seed?" and the answer is No, unless you are one of 500 Alberta foundation and approved registered flax growers. It would appear that by 1967 seed will be available for general distribution. The variety Noralta will yield just slightly less than Redwood and mature about two days later than Redwing or about 100-105 days. Noralta is described as "well adapted to Western Canada, it is early maturing, rust and wilt resistant and high yielding."

Regarding trees available from the Department of Agriculture, I just received a notice that there are good supplies available for 1966 planting of the following: Lodge Pole Pine; White Spruce; Siberian Larch; Caragana; Mani-

Restless Nights**

If you "fight the pillow", toss and turn all through the night and don't really know why — perhaps here's news and help for you! One cause of such restlessness may be traced to sluggish kidney action. Urinary irritation and bladder discomfort may follow. The result can be backache and restless nights. This is when DODD'S Kidney Pills can help bring relief. Dodd's stimulate kidney action, helps relieve the irritated condition that causes the backache. Take Dodd's, and see if you don't feel better, rest better. Don't wait. Ask for Dodd's Kidney Pills at any drug counter. Used successfully by millions for over 70 years.

## Who benefits from AGT's expanded communications program?

You do ... as one of a half-million Albertans linked with the AGT system who demand, and get the finest service at rates among the lowest in the nation. You do ... as a citizen of Alberta, because AGT's record-breaking expansion program is giving a boost to Alberta's economy. But specifically ... what are some of the benefits you receive as a telephone subscriber?

### DIRECT DISTANCE DIALING

By the end of 1965 AGT will have provided fast, convenient Direct Distance Dialing to 65 Alberta communities.

### MORE DEPENDABLE, FASTER TELEPHONE SERVICE

This year a further 39 exchanges will be converted to dial telephones to speed service and improve efficiency.

Since 1945 AGT has invested over \$200 million in new and improved services. These construction dollars pouring into Alberta's economy mean more telephone jobs and more jobs for supporting industries. They contribute to the prosperity of Alberta and of every community AGT serves. Because of this continuing policy of expansion and improvement, the value of your telephone service has never been greater.

### INSTALLATION OF UNDERGROUND CABLES

During 1965 your telephone company will place 8,000 miles of cable underground — out of the elements and out of trouble.

### ADDITIONAL MICROWAVE SERVICE

To handle the ever-growing number of long distance calls AGT will spend \$4,000,000 in micro-wave construction in 1965.

### REPORT FROM EDMONTON

by J. WALLY STRANG

With the budget debate in full swing... life at the Alberta legislature couldn't be more boring. Even though we are all interested in how many dollars the province expects to spend during the next year, hearing the members describe the details can put anyone to sleep.

We had a few open question periods that flared for a while, but as usual the speaker kept everything well under control.

The leader of the opposition Mike Macagnon's biggest complaint is that not enough money is being spent on fisheries... and that even today there is no Fisheries program.

Liberal Bill Switzer of Edson... like everyone else... put the minister of lands and forests, H. A. Ruste, on the spot when he asked him when the pulp mill is to be constructed at Whitecourt. As usual Mr. Ruste did not answer the question, but said he would look at the agreement and bring in an answer. For the record... nobody in the press row can remember Mr. Ruste ever answering any question, he always says he will look into the problem and find the answer.

Liberal Bill Dickie of Calgary accused Mr. Strom, the minister of agriculture of not looking after the farmers' interests. He said if the minister of education can look after the teachers why can't the agriculture minister look after the farmer... to which Mr. Strom never.

failed to answer for a while, but finally got around to saying he would deal with the matter later. Mr. Strom did try a little later to answer the charges and at the time the Premier, Mr. Patrick, Mr. Halmrast, Mr. Peterson and Mr. Ross left the house... with five cabinet ministers out of their seats... Mr. Strom managed to get his points across... showing where the actual grant to agriculture did not present a true picture. Mr. Strom said highways, water programs and power programs were only a few of the items in which the government is pouring dollars that directly help the farmer.

In presenting his department's water management programs, Mr. Strom virtually assured Albertans that it will not be long before all or most of Alberta will contain plenty of water storage areas.

The minister of Education, R. McKinnon, as usual gave one of the longest talks of the week... but then it was also the hardest to listen to... several of the MLAs caught several minutes of shut-eye at the same time. It might also be worthy of note to mention that when the House had its first night session on the budget... when the House convened at 8:00 p.m. Not one opposition member was in the House... and when Liberal Bill Dickie did come in seven minutes late the government gave him a good ovation... from the press row someone quipped... like most Liberals... better late than never.

## BRIEF ITEMS OF LOCAL INTEREST

The arrival of a big, fat sassy robin, that official harbinger of spring, was reported by Gene Moyer last Wednesday, March 9. Police Chief Moyer is sure this is the same robin that has appeared in the same spot every spring for the past five years. The robin's earliest prior arrival was last year on March 13.

Dr. and Mrs. M. E. Koziol leave Thursday of this week for a two weeks vacation that will include a ten-day Caribbean cruise during which a convention and refresher course for general practitioners will be held aboard ship. The Koziols are flying to New York, from which port the cruise ship leaves on the 19th.

Song birds don't usually winter in this northern clime, but a hardy meadowlark has come through in good shape after spending the entire past winter at the Andy Knive farm. The meadowlark made his winter home with the cattle in an open straw shed and apparently kept quite warm and comfortable through the coldest weather.

Mrs. K. Wiersma spent several days last week in Banff visiting her son and daughter-in-law, Mr. and Mrs. Simon Wiersma. En route home she also visited friends in Calgary.

Mr. and Mrs. Bert Somerville, son Lee, and Mrs. Jean Connolly attended the Barry Moore Crusade luncheon in Lethbridge last week at the El Rancho Motor Hotel.

The Misses Ella and Jennie Somerville and their brother, Luther, of Calgary, visited at the B. Somerville home on Sunday. A sister, Mrs. Godkin of Vulcan, accompanied them.

Mr. and Mrs. Harold Bride, Mrs. S. Joiner, Miss Elsie Thompson, Mrs. Harold Hansen, Mrs. Hazel Mainland, Miss Lynetta Parslow, Mrs. Virgil Vaughn and Mr. and Mrs. Hanley attended the Southern District OES Home Fund Tea held in the Civic Centre in Lethbridge on Saturday. A large crowd attended, and the Vulcanites enjoyed renewing acquaintances with many old friends and former residents.

Sunday guests at the home of Mr. and Mrs. Alf Heather were Mr. and Mrs. Ernie Heather and family of Calgary.

Friends of Mrs. Etta Hill will be sorry to learn that she is presently a patient at the local hospital.

Mr. and Mrs. Cliff McAskile and Mr. and Mrs. Allan McAskile attended the Capping ceremony last Friday, at the Galt hospital in Lethbridge. Miss Carol McAskile, who is one of the students receiving her Cap, returned home with her parents for the weekend.

Mr. and Mrs. George Kiemele were pleasantly surprised when their son, Charles, who is working with an oil company in Texas, phoned them from his home in the oil state, on Sunday.

Mr. and Mrs. Merle Rivett of Wilkie, Sask. are being congratulated on the birth of their fourth daughter, Terry Kim, February 3. Mrs. Rivett was before her marriage Miss Lorraine French and the new arrival is a granddaughter of Mr. and Mrs. John French of the Vulcan district.

Linda and Larry Sales, who have been attending school here and staying with their grandparents, left on Saturday to join their parents, Mr. and Mrs. Lyle Sales, in Edmonton.

## WEDDING ANNOUNCEMENT

Mr. and Mrs. Cyril Richards of Pincher Creek, Alberta, announce the engagement of their eldest daughter, Sharlene Gail, to Ted Allan Wylie, fourth eldest son of Mr. and Mrs. William Wylie of Vulcan, Alberta. ## From The Legislature

(By Ray Speaker, M.L.A.)

On Friday, March 4, the Honourable A. O. Aalberg, Provincial Treasurer, brought down the Provincial Budget, which outlined the Government's overall spending program for the fiscal year, 1966/67.

For the year from April 1, 1966, until March 31, 1967, the total estimated expenditures are \$681,975,911, while total revenues are estimated at \$613,138,370, for an overall deficit of \$68,837,541 which will be paid from the Province's accumulated reserves. In comparison with the 1965/66 budget, it will be seen that the total estimated expenditures have increased by \$188,195,049 and the total estimated revenues have increased by \$141,994,360. No new taxes will be introduced, and no direct borrowing will be required; however, the University will finance part of the huge construction program by debentures borrowing guaranteed by the Province.

Let me now mention some of the main points:

\$154,831,619 for the Department of Education, \$38,739,359 more than the current year for a huge increase in the investment of the

Province in education including an additional contribution of \$20,000,000 to the Foundation Program;

\$145,000,420 for the Department of Health, \$24,876,270 more than the current year to meet the growing investment in health services and increased subsidies for the Alberta Health Care Program;

\$49,913,158 for the Treasury Department, \$24,571,853 more than the current year including \$15,000,000 to pay the new home-owner tax discounts and \$5,731,017 more for Municipal Assistance Grants;

\$35,336,840 for the Department of Highways, \$6,827,270 more than the current year to provide for additional road grants to municipalities and to meet the increasing cost of maintaining the highway network.

Estimated expenditures in all other Departments have risen by lesser amounts. The only item which has decreased as compared with the current fiscal year is the appropriation for servicing the Public Debt which has dropped from \$2,162,580 in 1965/66, to \$2,023,340 in 1966/67.

As at March 31, 1965, the Province's main reserves amounted to \$539,916,000 invested in securities of our municipalities, school boards, hospital boards, the Alberta Government Telephones, rural electrification, farm loans, in short term investments and in Federal and Provincial debentures.

These are some of the main points in the budget; in the following weeks I will include some sections in more detail.

## NEW FARM RECORD LEDGER

## AVAILABLE NOW!

A farm record system specifically designed for grain-livestock farms of this area. Designed by a Chartered Accountant to quickly give all information necessary for income tax purposes and at the same time maintain an easily-kept yet clear and concise book-keeping record of your farm operations.

Puts all your farm records— receipts, expenses and schedule of changes in buildings, machinery and equipment — in one neat ledger. The hard-wearing, loose-leaf binder will last a lifetime and the record sheets are printed on heavy ledger paper.

Refill sheets will always be available, because they are printed by and in stock at The Vulcan Advocate.

This farm record system is priced so low and will prove so convenient you can't really afford to be without it.

**COMPLETE RECORD LEDGER ..... 5.50**  
(Includes heavy, three-ring binder, complete instructions and enough record sheets for one year's average operation).

**REFILL SHEETS ..... 2 for .25**

## Champion Youth Wins Essay Contest

Winner of the annual weed essay competition in the County of Vulcan was W. J. (Billy) Roebuck of Champion, 15-year-old son of Mr. and Mrs. William Roebuck. He was awarded the prize of \$25 from the County of Vulcan and his essay, which appears below, also placed second in the province.

Weed control on our farm is a big job. It seems that one no sooner thinks the weeds are under control than it is time to start from scratch again. We speak of things growing like a weed, and surely nothing could grow faster. Give them a drop of rain and a little sunshine and they are shooting up again.

On our farm as on many others, weed control begins in the front yard and garden. The sight of a dandelion in the strawberry patch will start Mother on the eradication of every last weed that may have lifted its little head in the whole garden. Mother has a special dandelion digger that really does the job here. For the rest of the garden a push hoe or cultivator will be used. The same applies to the flowers and shrubs since of course spray cannot be used as that would spoil Mother's petunias and everything else that she has babbled along to be a thing of beauty. Dandelions, goats beard and a few other persistent weeds also appear in the lawn. These can be sprayed if the lawn is not close to anything else of a tender nature. However, in most lawns these have to be kept in control by continual mowing. In this manner the seed is kept from forming and scattering all over the farm.

So much for weed control at home, now to look at the weeds in the fields. This is a somewhat larger undertaking as my Dad is farming several sections. In this regard we are fortunate to have a very friendly and capable District Agriculturist to whom we can turn for advice on weed matters and many other problems pertaining to the farming business.

The control of weeds begins when the seed is taken to the Seed Cleaning Plant in the spring to be cleaned and treated for the many fungus diseases as well as wireworm. Not everyone treats for all these things but my Dad does and has found in the past that it really pays off in larger yields. By the time the seed has been through this treatment it comes home a pretty pink and has a horrible smell. The truck and the bin that the grain will be put into must be very clean. Generally these are cleaned out with an old vacuum cleaner that is kept just for this purpose. The seeder is also cleaned out with this vacuum cleaner so that it is perfectly free of any foreign seeds.

Now we are ready to move out to the field which has been summer-fallowed the year before and has rested all winter. If it is a warm spring, small weeds will already be starting; in fact some really tough ones such as tansy mustard will probably have remained alive all winter. If the spring has been a cold one these small weeds will soon start to grow after the land has been worked for the first time. This first operation in the spring is generally done with a rodweeder and harrows or with blade and harrows. The land is not worked very deep since we want to conserve as much moisture as possible. Now the land is left to rest again for a week or ten days allowing any small weeds that have sprouted to grow so that they may be eradicated in the next operation. Now Dad takes his 24 foot drill with the same width of rodweeder in front of it and prepares to seed. The grain that is to be used for seed is loaded onto a clean truck and taken to the field. In a matter of days the seeding will be completed.

Next, the summerfallow on the land that is to rest for this year must be worked. The first time over will likely be done with the blade, a large implement that runs along under the ground in the same manner as a push hoe thus cutting off the weeds and disturbing the ground very little. In this manner the soil will not blow if the West Wind should take over for a week or two. The weeds will lie on top of the ground and become useful for once by forming trash cover. The amount of rain that we have will determine the time that elapses between the first and second time over the summerfallow. The second time over Dad will probably use

the blade and rodweeder, or the blade alone; perhaps he will use the deep tillage, a form of cultivator, either alone or with the rods. Whatever implement he uses will depend on the type of year it is. If it is a windy one, probably the blade will be used again and again; if it is a wet year the deep tillage will be used or some implement that will really root the weeds out. This operation will be carried out three, four or five times in a summer depending on how fast the weeds grow. The idea is that there should never be any weeds on the land, since they use a lot of much needed moisture and grow to the seed stage very quickly.

Such stubborn weeds as Canada Thistle, sow thistle and a few others have to be dealt with, with one of the strong sprays on the market today and made especially for this purpose. They can be controlled to some extent by summerfallow but very rarely can they be eradicated completely. However, weeds such as dandelions, buckwheat and tansy mustard can be sprayed quite successfully with a low volatile product.

While all this has been going on, the seed that was put in the ground has grown to several inches in height, and so have some of the persistent weeds that have evaded all efforts to date. These will soon be dealt with when Dad gets the sprayer out. This is generally mounted on the front of the truck and consists of two booms with nozzles that spray the crop with one of the products on the market that will kill the weeds and leave the crop clean. This past spring Dad sprayed his crop of flax with one of these products to eradicate Canada thistle that had come up in bunches after seeding. Everything must have been ideal since he really cleared out the thistle and did not damage the flax at all. Canada thistle if allowed to grow uninterrupted in any crop proves to be very costly both in yield and grade.

Then there are the weeds that grow in the ditches where they cannot be summerfallowed or hoed. These are generally sprayed but since they grow so plentifully, one spraying a summer could not hope to hold them in control. The best way we have found is to burn the ditches and fence lines in the fall. In this manner you not only get rid of all the unsightly weeds but also a great deal of seed that would otherwise fly around the country and pollute not only our

farm but all the neighboring farms as well.

So much for 'Weed Control On Our Farm'. Believe me it is an all time job, one that if you relax for only a short time, the weeds will soon take over. Different areas probably have different methods of control. These few paragraphs have described in some detail what our method is, and I must say that although it entails a lot of work it really seems to work.

**Vulcan Bride, Mary Salvage, To Live At Edmonton**

The Vulcan United Church was the scene of a wedding on January 22, 1966 at 2 p.m. when Mary Anne Salvage, younger daughter of Mr. and Mrs. William C. Salvage was united in marriage with Brian A. Westcott of Edmonton, eldest son of W. J. Westcott of Vancouver.

Rev. J. Wellington Dormer officiated. Miss Elsie Westcott of Vancouver, aunt of the groom, was organist.

Given in marriage by her father, the bride wore a floor length empire gown of white silk faille, trimmed with appliques of chantilly lace and iridescent sequins, with lily point sleeves and a cathedral train. Her chapel veil fell in tiers from a dainty crown. She wore a

crystal necklace, a gift from the groom, and carried a bouquet of red roses.

Matron of honor for the occasion was the bride's sister, Sylvia Leback of Port Alberni, B.C., wearing a floor length gown of peacock blue taffeta and chiffon. Her bouquet was of yellow chrysanthemums.

Also attending the bride were her cousins, Linda and Lorie Weaver of Edmonton, and as flower girl, little Sherrie Weaver, dressed identically in yellow chiffon. Their bouquets were of bronze chrysanthemums.

Attending the groom was Fred Andrews of Edmonton as best man. The ushers were Neil Westcott of Edmonton, brother of the groom and Calvin Leback of Port Alberni, B.C., the bride's brother-in-law.

During the signing of the register a Wedding Prayer was sung by Vernon Fleider of Calgary, cousin of the groom.

For her daughter's wedding Mrs. Salvage was attired in a Jade green wool dress with a corsage of white carnations.

The groom's aunt, Mrs. Helen Fleider, Calgary chose a two piece suit of navy wool and a corsage of deep pink carnations.

At the reception held in the church hall, J. R. Jackson of Sundre asked the blessing and Roy Deal, uncle of the bride proposed the toast to the bride, to which the groom ably responded. Miss Linda Strand of Edmonton was in charge of the guest book.

For travelling the bride chose a green wool dress with black accessories. After a brief honeymoon the happy couple returned to Edmonton.

Guests from out of town included relatives and friends from Brooks, Calgary, Edmonton, Vancouver, Granum and Wabasca.

**BRANT****UNITED CHURCH WOMEN**

The March meeting of the Brant UCW was held in the church hall on Thursday and in the absence of the president, Mrs. Jim Jackson, Mrs. Phyllis McDonald, first vice-president chaired the meeting. The devotional, The Power of God in Our Lives Today, was lead by Mrs. Inez Prater. Roll call was answered with a verse from the Bible. Eleven members and one visitor were present.

Mrs. Jean Olsen read a very informative news letter from her sister, Mrs. Irene Findlay, telling of their work in the mission field at Iri, Korea. It was decided that the annual auction sale be held at the June meeting instead of at the April meeting.

Mrs. Una Burley presented Mrs. Eva McKay with a silver spoon expressing the appreciation of the women for all that she had done for the group and extended to her their best wishes for her future in her new home when they move to Calgary.

Following the business part of the meeting, Mrs. Charlotte Green, program convenor, introduced Mrs. Margaret Shortt who gave an introduction to Bible study based on the adult book, Jesus and the Christian Life. It showed how to understand the Bible and how to make it live in our own lives.

A delicious lunch was then served by Mrs. June Jones assisted by Mrs. Ernie Green.

**DINTON**

Congratulations to Mr. and Mrs. Jimmie Hall on the birth of a son.

Members of No. 71 Branch of The Royal Canadian Legion travelled to Blackie School, March 9 to present certificates and prize money to junior and senior students who had won in last November 11 essay contest. It is hoped more students will compete this year.

While in England last year your correspondent visited the Wythall Women's Institute, Worcestershire with Mrs. H. Snider's cousin. Word has just been received they had won the trophy for the best scrap book out of 87 entries. This scrap book will now go to London to compete with other districts.

Get well wishes to Mrs. E. Pederson, Mrs. G. Whillans, Mrs. R. Elliott in High River hospital.
